           3.  Inventory            [1440-000] Inventory Lumber

           4.  Target Margin        [ 20.0]
           5.  Cost Type            [A]
           6.  Cost Priv. Level     [3]
           7.  Substitution         [3]
           8.  Back Order           [3]

                        Modify field [  ]

                Select field to modify, or <ENTER> to Save,...

      F1       F2      F3      F4      F5      F6      F7      F8      F9      F10
   Clear                     Delete                                        Save
                                                                              2
```

Corresponds to Account Privilege Level

Set each Department with an appropriate privilege level. Settings from 1-5 are acceptable. Should only a Department or System Manager have access to the Cost and Margin displayed in the inventory screens, set the privilege level to a "4". This means any user with a privilege of 4 or greater can view costs and margins. When set lower and the user account has a lower privilege, the following will be displayed when accessing the inventory pricing screen.

```
BBBC                      Price Inventory Screen               7.3.0.008

   Item #    [STA2LB        ] Hammer Claw, Stanley 2lb
